

HUDSONVILLE PUBLIC SCHOOLS BOARD OF EDUCATION CODE OF CONDUCT*

The Hudsonville Board of Education members are deeply committed and passionate about the quality of education in Hudsonville Public Schools. Serving the students, families, and communities of Hudsonville, the Board of Education recognizes the importance of embracing, adhering, and committing to a method of behavior, operations, and functioning as a Board. The following statements will define how each board member will govern.

1. I will fairly and equally represent all students under the care of Hudsonville Public Schools, recognizing the number one concern is the educational welfare of all students.
2. I will conduct business of the board openly and honestly and avoid any conflict of interest.
3. I understand and recognize that I, alone, have no legal authority but rather our authority which include actions and decisions as a board is by majority vote.
4. I will ensure the decisions of the board are supported and enacted even if I do not personally agree nor possibly voted for the ultimate outcome.
5. I understand my role as a board member centers around hiring and evaluating the superintendent of schools and developing School Board of Education policy.
6. I will conduct my discussions and conversations in a respectful, productive, and cooperative attitude. I will listen to understand other perspectives.
7. I will prepare for and attend all possible meetings.
8. I will be committed to the growth and development of my skills as a board member by attending local, state, and national learning sessions when practical.
9. I will respect and adhere to all legal constraints of Michigan and Federal Laws. This includes protecting the confidentiality and privacy of students and employees.
10. I will recognize the integrity and positive contributions of past board members and consider prior work before enacting new policies/regulations.
11. I will provide support for the superintendent and employees of the school district and ensure they are able to perform their responsibilities in a professional manner. If concerns arise, I will direct concerns to the superintendent.
12. I will promote the development of policies that ensure effective management of the District.
13. I will render all decisions based on the available facts and my independent judgement and avoid the undue or prejudicial influence of outside groups.

On an annual basis, at the January Organizational Board meeting, each member will be reminded of the agreed upon values and responsibilities and will sign the pledge.
